<b>COMMENTS:</b>
Arm Velo Max = 79 mph. Bat Exit Velo Max = 73 mph. Pitching upper 70's/low 80's as Freshman with plenty room to grow still. Gap hitter produced many key hits over course of season. Versatile position player MIF and OF. 4.0 GPA prospect sure to have college options. True 4-5 Tool prospect with huge upside growing size, speed, strength, quickness and explosiveness offensively and defensively. Trent can go far as he wants to with steady growth and hard work.
