Focus on enhancing Strengths by continued work and exposure, as well as transforming Weaknesses to Strengths by getting Private Instruction to polish subject deficiencies. Additional pointers in Comments below.

COMMENTS:
Arm Velo Max = 71 mph. Bat Exit Velo Max = 74 mph. Speed Top 60-yd dash time of 7.03. Very Coachable/Respectful. Room to improve in Arm strength but overall solid prospect with strong 3.86 GPA. Nolan will cover a lot of ground in OF and put ball in play offensively. 3-4 Tool prospect with growth JR/SR years will be on college radar. Nolan is a selfless player that will be happy to help Team however needed. As Lefty bunting with speed he can be lethal in bunting situations.
